

# TOWN OF SUFFIELD

83 MOUNTAIN ROAD • SUFFIELD, CONNECTICUT 06078 • (860) 668-3838

Selectmen's Office

February 2014

Dear Suffield Resident:

The Town of Suffield, as a clean energy leader, would like to tell you about a great program to help save you money and energy called Home Energy Solutions<sup>SM</sup>. Whether you own your home or rent, there are steps you can take to make your home more comfortable and reduce energy costs. For a small fee\*, certified and insured contractors will evaluate your home's energy performance and provide an average of \$1,000 of energy-efficiency and weatherization services which include:

- Free energy-efficient lighting (up to 40 compact fluorescent light bulbs)
- Water-saving devices, including low-flow, high-pressure showerheads and faucet aerators
- The latest technology to seal-up air leaks in your home, including door sweeps, weather stripping and caulking around windows and doors
- Additional rebates for home insulation, HVAC systems and other appliances

**These services save participants an average of \$250 a year, each year, in energy savings.** The Home Energy Solutions program is funded by a small charge on electric and natural gas bills – **it's your money, so take advantage and start saving today.** Simply call **(888) 773-5866** and reference "Suffield" to sign up for your Home Energy Solutions appointment today.

As a bonus, now through July 31, 2014, for every home that completes a Home Energy Solutions service a \$25 donation will be made to Suffield's Emergency Aid Association's Fuel Bank by these Home Energy Solutions contractors: EcoSmart and Victory Energy Solutions.

Participation in Energize Connecticut programs makes the Town of Suffield eligible for grants to promote other smart energy projects and efforts. Suffield is one of the first towns to have met its municipal energy efficiency and renewable energy commitments as part of the Clean Energy Communities program. Your participation in improving your home's energy performance helps make Suffield a clean, energy-efficient community.

Very truly yours,

**Edward G. McAnaney**  
First Selectman, Town of Suffield

\* \$75 fee for electric or natural gas heating customers; \$99 for oil/propane heating customers. Program availability and price is subject to change. Fee waived for income-eligible residents with proof of income documentation.

**This mailing was paid for by the Connecticut Energy Efficiency Fund.**
